CAREER OBJECTIVE

To work in an organization which provides me opportunities to enhance my skills and knowledge along with contributing to the growth of the organization. I am looking forward to roles that will help me realize my potential by exploring the various aspects of this field.

Technical Details :

- Ability to create responsive websites that work seamlessly across various devices and screen sizes.
- Familiarity with preprocessors like SASS to write more efficient and maintainable CSS.
- Ability to identify and fix simple issues in code using browser developer tools.
- Understanding of making asynchronous requests using AJAX and integrating with APIs to fetch and display data.
- Basic knowledge of UX principles to create user-friendly and intuitive interfaces.
- Ability to create or modify basic graphics using tools like Canva.

WORK EXPERIENCE
